Martindales has been manufacturing since 1986, in this time we have built up a reputation for quality service and reliability.

We are happy to introduce to the market THE MART DOOR, a door that has been designed without compromise, with all components hand picked with quality, durability and security in mind.

All doors come as standard with stainless steel hardware and a 3 star high security barrel, all encased in the Rustique 5 chamber Halo by Veka outer frame.
DECORATIVE GLAZING

All our decorative glass panels are triple glazed other than the Orchis and Vario designs which are double glazed.

Our ‘Martdoor’ designs include the Duello, Vogue, Charm, Quantum, Valera, Anito, Oscicle, Trista and Helia which feature zinc camed triple glazing. These options can easily be identified by the use of the word ‘Zinc’ in all labels. These glass options have cut glass bevels, a soldered zinc lead effect (caming) and a variety of contrasting backing textures that provide obscurity.

The Ossete, Lamont, Azusa, Orchis, Vario, Canella and Rizzar options feature enamel colours with simulated lead lines fused onto the glass and are combined with sandblast, glue chip and clear bevels. The clear bevels sit proud to the simulated lead lines which are flat to the glass. All etch, bevel and tile designs come with an obscure pattern backing glass giving you a high level of privacy. Where colour options are available in the glass please state which colour is required (if colour is not stated when ordering then where possible the colour will automatically be selected to match the door).

Any door colours are available on special order but a surcharge and revised lead time will apply.

Patter Glass Options

Pattern glass units are available as an alternative to the decorative glass options shown throughout the brochure. Pattern glass backing is not available in combination with other decorative glass options.

Glass images show here are the property of Pilkington Plc and should not be reproduced without the permission of Pilkington Plc.
**Threshold Options**

Our low threshold options provide easy property access for both wheelchair users and parents with pushchairs.

Bottom rail is available in the standard 70mm or a low option of 56mm.

**Finishing Touches**

When selecting the T bar, modern or door knob option as a handle for your door we use a key operated door lock which can only be operated with the key.

**Contemporary Finish**

Numeral - Supply only not fitted.

Security Chain

Spyhole

1200mm Stainless Steel T-Bar Handle

1200mm Stainless Steel Cranked T-Bar Handle

Bar handles available in 800mm, 1200mm and 1800mm

**Standard Finish**

Hardware is available in a number of finishes to suit both your home and personal tastes. These include Chrome, Gold, Black, Satin and White. All hardware and letter plates are finished in high quality stainless steel.

**High Security Cylinder**

These special cylinders are designed to counter the threat of a burglar breaking the key cylinder to gain access to a property. They are anti-pick, anti-bump and sacrificial snap. This upgrade offers far greater levels of security and great peace of mind.

Knockers available with or without spyholes

Hardware is available in a number of finishes to suit both your home and personal tastes. These include Chrome, Gold, Black, Satin and White. All hardware and letter plates are finished in high quality stainless steel.
